

What makes HFOT different than other Veteran charities?

HFOT builds homes where the Veteran chooses to live, and continues its relationship with the Veterans after home delivery. Each Veteran is provided with three years of pro bono financial planning and household budgeting education, to ensure they are successful homeowners for life. Additionally, HFOT offers a full warranty to guard against defects, and works with the Veteran to resolve any issues.

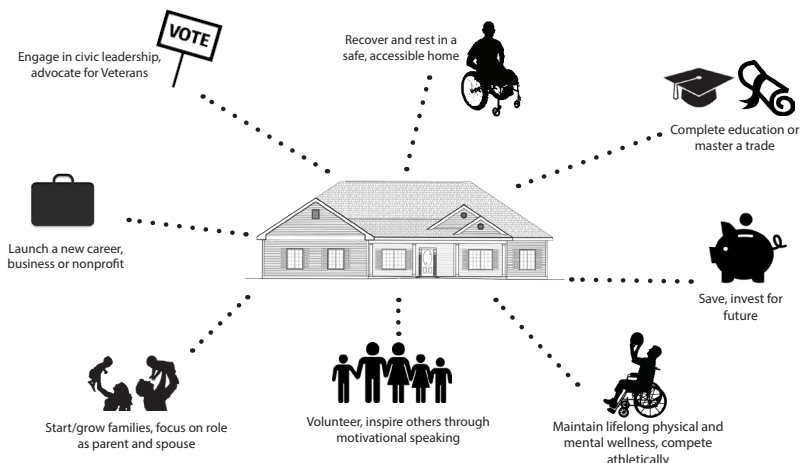

Homes are 2,650 square feet and feature over 40 major special adaptations allowing full accessibility. Our custom model four-bedroom and two-bath home affords the right size home for a Veteran to comfortably raise a family while limiting expenses for utilities.

HFOT conducts a thorough criminal and financial background check on each Veteran who applies to our program. In addition, HFOT places a 10 year lien on the home to protect the Veteran from foreclosure and to safeguard our donors' investments. Since inception in 2004, nearly 90 cents of every dollar has gone directly to our program services for Veterans.

HFOT's impact goes beyond providing Veterans with a physical home; the foundation we lay for each Veteran enables and empowers them to:

Homes For Our Troops

BUILDING HOMES, REBUILDING LIVES

Homes For Our Troops (HFOT) is a privately funded 501(c) (3) nonprofit organization that builds and donates specially adapted custom homes nationwide to severely injured post-9/11 Veterans, to enable them to rebuild their lives. Most of these Veterans have sustained life-altering injuries including multiple limb amputations, partial or full paralysis, and/or severe traumatic brain injury (TBI). These homes restore some of the freedom and independence our Veterans sacrificed while defending our country, and enable them to focus on their family, recovery, and rebuilding their lives.

BUILDING ON SUCCESS

Since our inception in 2004, we have built over 230 homes in 41 states.
