HFOT IMPACT

Our Mission: To build and donate specially adapted custom homes nationwide for severely injured post-9/11 Veterans, to enable them to rebuild their lives.

Recent survey results have demonstrated what we at HFOT have known all along: we are making a lasting impact in the lives of our nation's most severely injured Veterans and their spouses/caregivers. Here is a look at the different ways our program is setting up our Veterans and their families for lifelong success.*
